### Micronic Tube Reader DT520

Smooth, instant barcode scanning with zero setup required. The DT520 reads 1D and 2D codes from racks and tubes in under a second. It's compact, easy to use, and works right out of the box with any standard software or LIMS.

DT520 SKU: MP55129

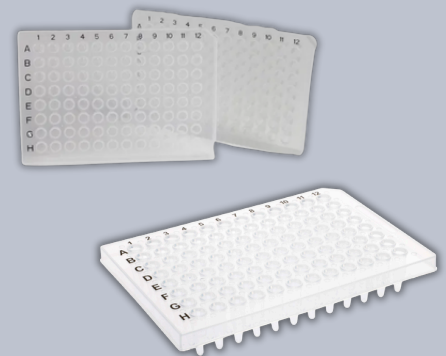

### Micronic HT700 Tube Handler

The Micronic HT700 sorts up to 550 tubes per hour with precision and speed. Its compact, enclosed design keeps your workspace safe and efficient, while easy LIMS integration makes tube management simple and hands-free.

HT700 SKU:MP35500

### CellTreat 96 Well PCR Plates (Half Skirt/No Skirt)

CELLTREAT 96 Well PCR Plates are made from pure polypropylene, free of RNase/DNase, and non-pyrogenic. Choose Half Skirt for extra stability or No Skirt for easy sealing, both ensure reliable PCR results every run.

Half Skirt: 229513  
 No Skirt: 229514
